

## **Rockwell Collins at Eurosatory 2018: Providing innovative, interoperable and collaborative solutions for air, land and sea**

**CEDAR RAPIDS, Iowa (June 6, 2018)** – For the first time at Eurosatory 2018, Rockwell Collins will be showcasing FasTAK™, its new tactical combat targeting system and secure communications gateway to ensure success in today's digital battlefield.

From June 11-15 in Paris, industry and government partners at Eurosatory 2018 will also have the opportunity to explore a broad range of Rockwell Collins' capabilities, including integrated avionics systems for fixed- and rotary-wing platforms; targeting systems; networked ground, air and command-and-control communications systems; and navigation solutions.

"Nations in this region need to continually protect their air, land and sea domains from ever increasing terrorist threats," said Claude Alber, vice president and managing director, Europe, Middle East and Africa for Rockwell Collins. "Rockwell Collins has demonstrated its commitment to providing European coalition forces with the interoperable solutions needed to exchange vital information and protect their sovereignty."

### **EXHIBIT HIGHLIGHTS:**

Eurosatory attendees are encouraged to visit the company exhibit at B438 in the Parc des Expositions (Hall 5A) to learn more about Rockwell Collins products that will be on display, including:

- FasTAK – Tactical combat targeting solution designed to simplify complex tasks for users so they can carry out missions while remaining agile
- Our state-of-the-art equipment for Unmanned Aerial Systems (UAS) that covers radio communications, flight control and direction finders
- Networked communications solutions – Airborne and ground radio systems
- **Advanced GPS, GNSS and navigation solutions** – Efficient, highly reliable navigation and guidance solutions
- **PSR-500 perimeter surveillance radar system** – A high-resolution, compact radar to protect critical sites, tracking and recording intrusions in all weather
