

Embraer Board Selects New President and CEO

Election will be held after the General Shareholders' Meeting scheduled for April 22

São Paulo, Brazil, April 9, 2019 – Further to the succession process, which started last March, Embraer announces that the nomination of Francisco Gomes Neto, current President of Marcopolo, will be presented to the Board of Directors for the position of President and CEO, succeeding Paulo Cesar de Souza e Silva. The election will be held during the Board meeting, after the General Shareholders' Meeting scheduled for April 22.

With an Electrical Engineering degree, a specialization in Business Administration and an MBA in Controllershship and Finance, Francisco Gomes Neto built his career in the automotive industry, holding CEO positions over the last 20 years, both in Brazil and in the United States. Over the past three years, he has served as CEO of Marcopolo, in which he successfully led the company's transformation, generating strong sales growth and market value for the business. Previously, he was the CEO Americas for Mann+Hummel and President of Knorr Bremse (global leader in control systems for commercial vehicles), among other leadership positions.

"With vast international experience and focus on industrial sector management, I am confident that Francisco Gomes Neto has the right profile and competencies to lead Embraer through this period of transformation of the company and of the global aerospace sector," said Alexandre Silva, Chairman of Embraer's Board of Directors, about the nomination.

After the General Shareholders' Meeting, to be held on April 22, Paulo Cesar de Souza e Silva will take on a role of senior advisor to the Board of Directors, during the onboarding of the new President and CEO and throughout the segregation of assets and resources of the commercial aviation business, until the completion of the partnership with Boeing.
