

## **Embraer celebrates its 50 years anniversary with historical exhibition during the Paris Air Show 2019**

**Paris – France, June 13, 2019** – Embraer will have a remarkable presence at the 53<sup>rd</sup> International Paris Air Show ([www.paris-air-show.com](http://www.paris-air-show.com)), where the company, founded in 1969 August 19<sup>th</sup>, will celebrate its 50 years anniversary. At the event, which takes place from 17<sup>th</sup> to June 23<sup>rd</sup> at the Le Bourget airport, outside Paris, France, Embraer will have a large exhibition area that includes state-of-the-art aircraft in static and in-flight display, as well as a pavilion dedicated to Embraer's history during half of a century in the aviation industry.

Embraer will showcase in the demonstration area the new E195-E2, of Embraer's second-generation commercial jet family; the multi-mission airlift and in-flight refueling KC-390; the light attack and training aircraft A-29 Super Tucano; and the Praetor 600, the best executive jet of the super-midsize category already developed.

The remarkable events of Embraer's five decades history will be remembered in a pavilion dedicated to exhibit information and images of the Company's products that have made history in the global aviation industry. The public that goes to the space, which occupies a total area of 300m<sup>2</sup>, can watch the video that presents, in a timeline, the most striking moments of the Brazilian Company, displayed in a LED panel of 14 meters wide.

Embraer is located in area #286
